

DIRECTIVE

APPROVED CERTIFICATION MARKS FOR GAS APPLIANCES

This directive is being issued by a provincial safety manager pursuant to section 30 of the Safety Standards Act.

Date of Issue: August 15, 2017

Directive No: D-G5 051201 2
Revision: 06

General Details

Under section 31 (1) of the Gas Safety Regulation, gas appliances must not be installed in BC unless they bear either a certification mark of an approved certification agency or an approval mark issued by BC Safety Authority under section 10 of the *Safety Standards Act*. This directive specifies the certification/approval marks that are acceptable in BC.

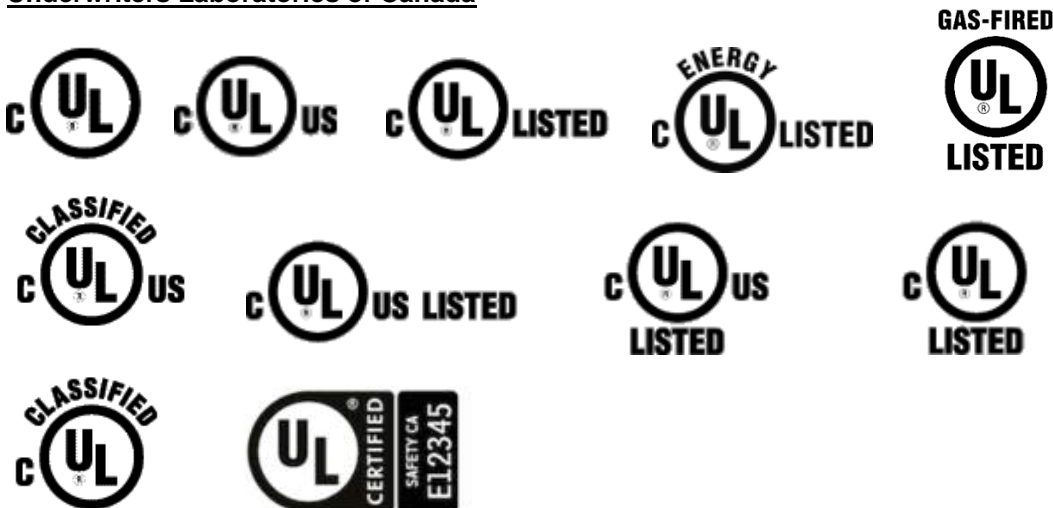

Specific Details

Certification Bodies - Certification Marks for gas equipment where a nationally recognized standard (NRS) exists can be applied by an accredited Standards Council of Canada (SCC) certification body (CB).

For contact information and scope of CB accreditation see [SCC directory detailing Product Certification Schemes](#)

The following certification/approval marks are recognized for gas appliances in BC:

Underwriters Laboratories of Canada

DIRECTIVE

Canadian Standards Association o/a CSA Group

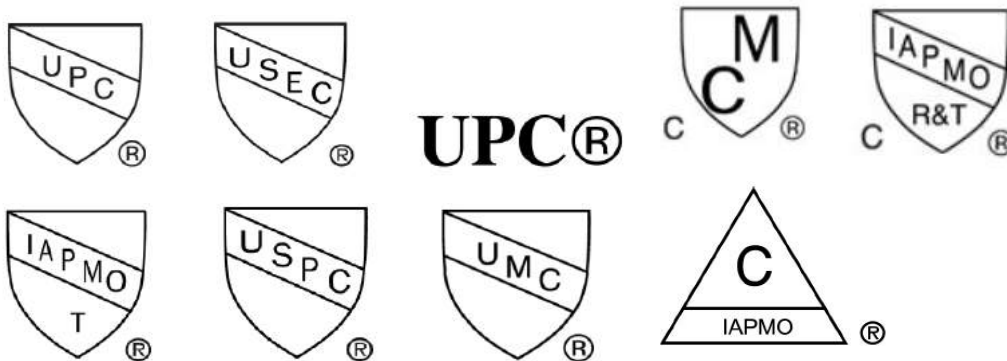

Intertek Testing Services NA Inc.

OMNI – Test Laboratories, Inc

IAPMO Ventures, LLC. Db a IAPMO EGS

DIRECTIVE

LabTest Certification Inc

Note: Limited Gas product testing

PFS Corporation

Note: Applicable to central heating equipment, ranges/oven and gas heaters.

ICC Evaluation Service, LLC

DIRECTIVE

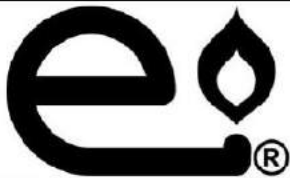

Inspection Bodies

Approval Label and marking can be applied by an SCC accredited inspection body (IB) for gas fired appliances and equipment where a NRS does not exist.

Note: A field approval is void if the appliance is altered or relocated.

For contact information and scope of IB accreditation see [SCC directory of accredited Inspection Bodies](#)

ENEFEN Energy Efficiency Engineering Ltd.

	GAS FIRED APPLIANCE FIELD APPROVAL ENEFEN ENERGY EFFICIENCY ENGINEERING LTD.
	<small>ENEFEN is accredited by the Standards Council of Canada as an Inspection Body for gas-fired appliances and equipment. Gas and electrical safety evaluation based on Canadian codes requirements outlined in CAN-P-1608 Appendix C. This approval represents the results of a single field inspection and is not a product certification. This approval is void if this appliance is altered or relocated. ENEFEN est accrédité par le Conseil Canadien des Normes en tant qu'Organisme d'inspection pour les appareils et équipement à gaz. L'évaluation de la sécurité du gaz et électrique est basée sur les exigences des codes canadiens énoncés à l'annexe C du CAN-P-1608. Cette approbation représente les résultats d'une seule inspection sur le terrain et ne constitue pas une certification du produit. Cette approbation est nulle si cet appareil est modifié ou réplacé.</small>
